

Work-together Contract

Rules (not following one will result in a strike):

- If you're late or not going to make it, contact the team 24 hours before. (If not possible, do it as soon as possible). Also let them know for how long you'll be absent if that's the case.
- Don't be racist.
- Don't be mean.
- Monday and Wednesday are spent on the group project. If extra time is necessary we will discuss when to work on the project outside of these days.
- If you are worried you're going to fail this semester, talk to us! We will figure it out together.

Consequences:

- First and second strike: Treat everyone for a snack
- Third strike: We talk about it internally
- Fourth strike: Round of drinks for everyone
- Fifth strike: We talk about it with the teacher
